(Approved by AICTE, Affiliated To JNTUH, Accredited by NBA & NAAC)

(SPONSORED BY G. PULLA REDDY CHARITABLE TRUST, HYDERABAD)

Chairman:
Dr. K. Ramesh Reddy
Principal

Conveners:
Dr. A. Sharada
Professor& Head CSE,
Dr. S. Ramcharan
Professor & Head IT,
Dr. O. Obulesu
Associate Professor & Head, CSE(AI & ML) & CSE(DS)

Resource Person:
Ravi Shankar
Manager L&D and Trainer

Faculty Coordinator(CC-RC):
Dr Raghavender K V
Assoc Professor, CSE

Faculty Coordinator (ACM-W):
D.R Nandadevi
Asst. Professor, CSE

Faculty Advisor(s):
Dr. P.Vasanth Sena,Asst.Prof.,CSE
Mrs. G. Divya, Asst. Prof., CST
Mrs. D. Anusha, Asst. Prof., CSM

Student Branch Counselor (CSI)
Mrs. R. Mamatha
Asst. Professor, CSE
Mrs. K. Sridevi
Asst. Professor, IT
Mrs. Nayan Rai
Asst. Professor, CSE (DS)

Student Members:

Executive Head (CSI):
Akshitha Panchadi(IV IT)

President (ACM-W):
G. Parivarsha (IV CSE)
A. Pooja(IV CSE)

Date: 15-12-2025

CIRCULAR

The **Department of Computer Science & Engineering** under **CSI Student Chapter & ACM-W student chapters** is organizing hands on Workshop on **"Tableau and Data Visualization"** on 22/12/2025, in collaboration with **AION-TECH Solution Limited, Hyderabad under Cloud Computing Research Centre**. This session aims to provide valuable insights into Visualize, Analyze and Discover, how Business AI are transforming industries, reshaping career opportunities, and influencing the future job landscape. The hands on workshop will help students understand emerging Business AI-driven roles and the essential skills required to stay ahead in this evolving domain.

Registered students are requested to actively participate and gain maximum benefit from this enlightening session.

Event Details:

Date: 22/12/2025
Time: 1:30 pm to 3:30 pm
Registration Fee: Free.
Venue: CL-1 & CL-2

REPORT ON NATIONAL LEVEL HANDS-ON WORKSHOP "TABLEAU AND DATA VISUALIZATION"

1. Introduction

In the era of data-driven decision making, the ability to analyze, interpret, and visually communicate data has become a critical skill for computer science graduates. Visualization tools such as Tableau play a pivotal role in transforming raw data into meaningful insights that support strategic planning and informed decisions across industries.

Recognizing the growing importance of data analytics and visualization skills, the **Department of Computer Science and Engineering, G. Narayanamma Institute of Technology and Science (GNITS)** successfully organized a **National Level Hands-on Workshop on "Tableau and Data Visualization"**. The workshop was conducted under the aegis of the **CSI Student Chapter** and **ACM-W Student Chapter**, in collaboration with **AION-Tech Solutions**, a reputed industry partner specializing in analytics and visualization solutions.

The workshop aimed to bridge the gap between theoretical knowledge and practical application by providing students with hands-on exposure to industry-relevant data visualization tools and techniques.

2. Objectives of the Workshop

The primary objectives of the workshop were:

- To introduce students to **modern data visualization concepts** and best practices.
- To provide **hands-on training in Tableau**, a leading industry-standard visualization tool.
- To enhance students' **analytical and interpretative skills** through real-world datasets.
- To help students understand the role of **data visualization in business intelligence and analytics**.
- To expose students to **industry-oriented approaches** in handling and presenting data.
- To encourage **active participation and experiential learning** among III-year CSE students.
- To promote professional activities under **CSI and ACM-W student chapters**.

3. Organization and Collaborating Bodies

The workshop was jointly organized by:

- **Department of Computer Science and Engineering, GNITS**
- **CSI Student Chapter, GNITS**
- **ACM-W Student Chapter, GNITS**

Industry Collaboration

- **AION-Tech Solutions**

The collaboration with AION-Tech Solutions ensured that students received exposure to **industry practices**, **real-world use cases**, and **current trends** in data visualization and analytics.

The successful organization of the National Level Hands-on Workshop on *"Tableau and Data Visualization"* was made possible through the strong leadership and guidance of the institutional authorities and academic heads. The workshop was conducted under the esteemed chairmanship of **Dr. K. Ramesh Reddy, Principal, GNITS**, whose continuous encouragement and vision for industry-aligned technical education provided a strong foundation for the event. The convening team comprised **Dr. A. Sharada, Professor & Head, CSE**, **Dr. S. Ramcharan, Professor & Head, IT**, and **Dr. O. Obulesu, Associate Professor & Head, CSE (AI & ML) and CSE (DS)**, whose academic leadership and coordination ensured the effective planning and execution of the workshop in alignment with curricular and professional objectives.

The technical sessions were enriched by the expertise of the **Resource Person, Mr. Ravi Shankar, Manager – Learning & Development and Trainer**, who delivered industry-oriented insights and hands-on guidance on Tableau and data visualization practices. The workshop coordination was efficiently managed by **Dr. Raghavender K. V., Associate Professor, CSE**, serving as the **Faculty Coordinator (CSI–RC)**, and **Dr. N. Nandadevi, Assistant Professor, CSE**, as the **Faculty Coordinator (ACM-W)**. Academic mentoring and student engagement were further strengthened by the **Faculty Advisors**, **Dr. P. Vasanth Sena (Asst. Professor, CSE)**, **Mrs. G. Divya (Asst. Professor, CST)**, and **Mrs. D. Anusha (Asst. Professor, CSM)**. The **Student Branch Counselors (CSI)—Mrs. R. Mamatha (Asst. Professor, CSE)**, **Mrs. K. Sridevi (Asst. Professor, IT)**, and **Mrs. Nayan Rai (Asst. Professor, CSE–DS)**—along with active student leadership from **Ms. Akshitha Panchadi (Executive Head, CSI, IV IT)** and **Ms. G. Parivarsha and Ms. A. Pooja (Presidents, ACM-W, IV CSE)**, played a pivotal role in mobilizing participation and ensuring the smooth conduct of the workshop.

4. Workshop Details

Parameter	Details
Title	Hands-on Workshop on Tableau and Data Visualization
Level	National Level
Target Audience	III-Year CSE Students
Date	22nd December 2025
Time	1:30 PM – 3:30 PM
Venue	CL-1 & CL-2, CSE Department, GNITS
Mode	Offline (Hands-on)
Participants	More than 60 Students

5. Resource Support and Coordination

The event was coordinated by faculty and student representatives under CSI and ACM-W chapters. The following student coordinators played a vital role in the smooth conduct of the workshop:

- Ms. Rishitha M. – 7569736845
- Ms. Sahithi R. – 8555866952
- CSI Coordinator – Ms. A. Pooja

Their efforts ensured effective communication, seamless logistics, and active student engagement throughout the session.

6. Workshop Design and Methodology

The workshop was carefully designed to ensure **maximum hands-on exposure** and **interactive learning**. The methodology adopted included:

- Live demonstrations using **Tableau Desktop**
- Step-by-step guided practice sessions
- Real-world datasets for analysis
- Interactive discussions and Q&A sessions
- Problem-solving through visualization tasks

The focus was on **learning by doing**, rather than passive listening.

7. Session Coverage and Technical Content

7.1 Introduction to Data Visualization

- Importance of data visualization in analytics
- Types of data and visualization techniques
- Role of visualization in decision-making

7.2 Overview of Tableau

- Introduction to Tableau ecosystem
- Tableau interface and components
- Connecting Tableau to various data sources

7.3 Data Preparation and Cleaning

- Importing datasets
- Understanding data fields and data types
- Data filtering and sorting techniques

7.4 Creating Visualizations

- Bar charts, line charts, pie charts
- Heat maps and tree maps
- Geographical maps for spatial analysis

7.5 Advanced Visualization Features

- Creating interactive dashboards
- Use of filters, parameters, and actions
- Combining multiple views into dashboards

7.6 Data-Driven Insights

- Identifying trends and patterns
- Interpreting visual analytics
- Storytelling with data

Students actively explored geographical visualization maps, dashboards, and analytics-driven insights, making the session highly engaging and practical.

8. Student Participation and Engagement

More than **60 students** actively participated in the workshop. The hands-on nature of the session encouraged:

- Active experimentation with Tableau features
- Peer learning and collaborative problem solving
- Critical thinking and analytical reasoning

Students demonstrated keen interest in exploring advanced features such as **dashboard interactivity**, **map-based analysis**, and **data filtering techniques**.

9. Outcomes of the Workshop

At the end of the workshop, students were able to:

- Understand the **importance of data visualization** in analytics
- Create meaningful visualizations using **Tableau**
- Design **interactive dashboards**
- Interpret and communicate insights effectively
- Relate visualization techniques to **real-world industry use cases**

The workshop significantly enhanced students' **analytical mindset** and prepared them for **industry expectations** in data-related roles.

10. Relevance to Curriculum and Career Readiness

The workshop aligned well with the **CSE curriculum**, particularly in areas related to:

- Data Analytics
- Business Intelligence
- Data Science Foundations

It also contributed to students' **career readiness** by introducing tools widely used in domains such as:

- Data Analysis
- Business Intelligence
- Data Science
- Reporting and Decision Support Systems

11. Feedback and Impact

The overall feedback from participants was highly positive. Students appreciated:

- Hands-on learning approach
- Real-time demonstrations
- Industry-oriented examples
- Opportunity to work with professional tools

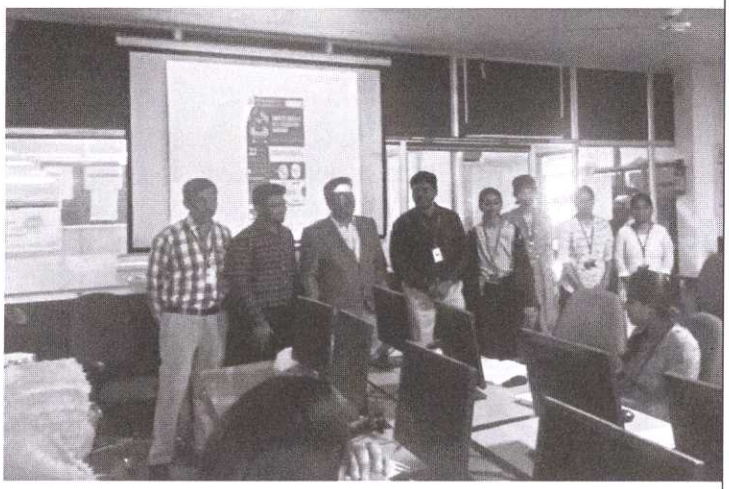

Many students expressed interest in pursuing advanced certifications and projects in data analytics and visualization.

12. Conclusion

The National Level Hands-on Workshop on "Tableau and Data Visualization" organized by the Department of CSE, GNITS, under CSI and ACM-W Student Chapters, in collaboration with AION-Tech Solutions, was a resounding success. The workshop effectively achieved its objectives by providing students with practical exposure, industry-relevant skills, and a strong foundation in data visualization. Such initiatives significantly contribute to enhancing the technical competence, analytical thinking, and employability of engineering students. The department looks forward to organizing more such industry-collaborative, skill-oriented programs in the future to empower students with emerging technologies.
